

## **THE WILLIAMS ARE IN UGANDA ! DECEMBER 2025**

Greetings from Mbale, Uganda! As we celebrate this Christmas season, Rachel and I want to take a moment to thank you for your love, prayers, and support throughout the year. It has been a year of growth, learning, and seeing God's faithfulness in incredible ways.

Working with Jenga CDO Uganda has been such a privilege. We've witnessed communities coming together, lives being transformed, and hope being restored through practical projects and the message of Christ's love. From empowering families through sustainable livelihoods to nurturing spiritual growth, every step reminds us of the reason we serve.

In September, we had a weekend away in Kampala, visiting the house where Rachel first lived in the grounds of Kyambogo University, and visiting the church that Rachel's father helped build there. It has grown so much since it was first built that it now holds 3 packed services back-to-back on a Sunday morning. They wanted to interview us at the service we attended, and since then, we have appeared in one of their videos ([Watch here](#)). We were so pleased that we had this time away to reflect on how our first year had gone.

Christmas is a beautiful reminder that light shines brightest in the darkness. Here in Mbale, we see that light in the smiles of children, in the resilience of families, and in the unity of believers. We are humbled to play a small part in this story.

We're excited to share that we are in the UK in December, spending time with family and friends—a much-needed season of rest and reconnection. In January, we'll fly back to Uganda for our final three months of service with Jenga before this chapter comes to a close. Please continue to pray for wisdom, strength, and provision as we finish well.

May your Christmas be filled with peace, joy, and the warmth of God's presence. From our hearts to yours—thank you for walking this journey with us.

With love and gratitude,

Martin & Rachel xx

P.S. We have just been informed that Rachel has been commissioned by the Chief Officer of the local Youth Remand Home to paint murals in their community room. If you would like to support this, please write to us

directly. She will need Acrylic paints and quality brushes, which are easier to get in the UK than in Uganda.
